Correspondence

Mr. Wayne O. Reed
Deputy Commissioner
Office of Education
Department of Health,
Education, and Welfare
Washington 25, D. C.

Dear Mr. Reed:

Thank you for your letter of 11 March 1964. We appreciate your concern with respect to the role of cybernetics in pedagogy and are pleased that our recent publication on cybernetics has been of use to you.

Unfortunately, our intelligence production commitments at this time preclude preparation of a special report on cybernetics in pedagogy. Such a study is programmed for the future and we shall be pleased to forward copies to you when it is published.

Much of the material you require is available in raw form. Although we are unable to provide a written report at the present time, we would be pleased to arrange a briefing by knowledgeable members of our professional staff at your convenience.

Sincerely,

Albert D. Wheelon
Deputy Director
